

The project “**Canada-Europe Dialogue on Democracy: Democratic deficit and the rise of populism in Europe**” (CEDoD) was co-funded by the Erasmus+ Programme of the European Union and the Centre for Global Studies (2018-2020). It was carried out under the framework of the EU-Canada Network ([www.eucanet.org](http://www.eucanet.org)) at the University of Victoria.

The Blog on Democracy (<https://blog.eucanet.org/category/democracy/>) allowed the research community to share insights on current issues related to the crisis of democracy and the rise of populism in Europe and North America. The blog gave the participants of CEDoD’s workshops, conferences, seminars, and outreach activities the opportunity to share their immediate reactions and observations.
