

**Building Capacity for Canada's
European Studies Community:**

The European Community Studies Association
Canada as a Research and Outreach Hub

Jean Monnet Action - Support of Association
Erasmus + Programme of the European Union

**REPORT
2018-2020**

The ECSA-Cn Jean Monnet project “Building capacity for Canada’s European Studies community: the European Community Studies Association Canada (ECSA-C) as a research and outreach hub” (2017-2020) aimed at enhancing the outreach and networking capacity of the ECSA-C. With the collaboration between ECSA-C and the Europe-Canada Network initiative (www.EUCAnet.org), the project focused on key EU-related subjects, taking advantage of the changing political environment after the completion of the Canada-European Union Comprehensive Economic and Trade Agreement (CETA) and the Canada-European Union Strategic Partnership Agreement (SPA). In this respect, it provided public visibility to the EU as a key economic and political partner of Canada.

The ECSA-Cn project’s activities and services included the development of a ECSA-Cn Members Database (open service to ECSA-C members), promoting selected research groups (interviews; media alerts), showcasing of innovation in teaching and research (award; interviews), fostering engagement of young academics (junior EU scholar video interviews; policy memos) and disseminating research outcomes (video clips; Facebook, Twitter, and a new website).
